*Produit issu de l'agriculture biologique FR-BIO-01 –  
Organic wine, Vin biodynamique certifié Demeter*

### Blend

it is a tribute to our ancestor Paul Martin, who was one of the first French winemakers to sell his wine in bottles in the 18th century under the name "Vin de la Solitude".

Made according to the 18th-century vinique art with very different blends where Grenache is not dominant. The wine consists of a large number of co-fermented grapes with much longer macerations than those made today.

We have reissued the four original labels of the Wine of Solitude.

- Clairette 60%
- Grenache Blanc 20%
- Roussanne 20%

### Winemaking and Aging

The grapes of each grape variety are harvested by hand and then put in vats over their maturity. After pressing them, the juices are co-fermented in barrels of several wines. The alcoholic fermentation is due to indigenous yeasts, followed by the malolactic fermentation.

The wine is raised in barrels on lies for 10 months without raking. It is bottled without fining or filtering.
